Re: Joey's Park Re-Opens Today!

Dear Belmont Resident:

On October 23, 2017 the Department of Public Works (DPW) and the Health Department contracted *Assurance Pest Solutions*, a professional pest control operator to investigate and treat the rodent problem at Joey's Park. We are pleased to inform you that the rodent problem has been safely resolved at Joey's Park and the park is again open for Belmont residents and the general public to enjoy!

To help prevent future rodent infestations at Joey's Park, we would like to encourage guests of the park to carry in/carry out any food, drinks, and trash items, which may attract nuisance wildlife to the area. Please help us keep our parks clean and safe for everyone to enjoy.

Please feel free to contact DPW at (617) 993-2680 or the Health Department (617) 993-2720 with any questions or concerns.

Thank you for your patience.

Sincerely,

Michael A. Santoro
Assistant Director of Public Works
Belmont Department of Public Works
