### **Strategy for engaging with the Select Board going forward**

The committee discussed two different approaches for working with the Select Board going forward:

1. Have the SCIC present a list of priorities drawn from the Collins Reports on an annual basis to the Select Board and let them choose which one(s) to proceed with. The SCIC would then work with the Select Board to advance those priorities over the course of the upcoming year.
  - The SCIC would need to present their list of priorities to the Select Board in early Spring
2. The second approach is a subtle variation of the above. The SCIC would play a passive role in identifying priorities for the upcoming year, and instead leave that entirely to the Select Board.

It was noted that SCIC may not need to meet monthly moving forward.

### **Next Steps**

Paul Rickter agreed to speak with Mark Paolillo about the possibility of joining the Structural Change Impact Committee as he rolls off the Select Board.

### **Public Comment**

No members of the public were present, so there was no public comment.
