Judie spoke with MWCD's Alisa Gardner-Todreas about the Trust's interest in working with them on community engagement. Alisa talked with coUrbanize and came away feeling it was very like SurveyMonkey and not worth pursuing. Judie encouraged the Trust's interest in having MWCD focus on engaging with low-income households for their input on the HPP. MWCD is ready to start working once the Trust is ready.

Regarding the multifamily zoning policy, Judie asked if the Town is planning to submit formal comments and questions. For example, her concern is the 25-acre minimum zoning requirement.
