

# BOSTON-LOGAN INTERNATIONAL AIRPORT MONITORING REPORT ON SCHEDULED AND NON-SCHEDULED FLIGHT ACTIVITY

Peak Period Surcharge Regulation  
740 CMR 27:00: Massachusetts Port Authority

Report Number: 012

Monitoring Period: Through Sept. 2015

Report Issue Date: May 2015

**Note:** This report reflects the Boston-Logan Airport flight activity monitoring under 740 CMR 27.03 Peak Period Surcharge Regulation on Aircraft Operations at Boston-Logan International Airport.

**Findings:** This report includes actual and projected activity data **through September 2015.** Current and projected near-term flight levels at Boston Logan are well below Logan's good weather (VFR) throughput of approximately 120 flights per hour. **As a result, average VFR delays are projected to be minimal and well below the 15 minutes threshold through the analysis period.**

In the event demand conditions at the airport change significantly from the current projection, Massport will issue updates to this report.

**Table 1: Summary Overview of Peak Period Surcharge Program**

---

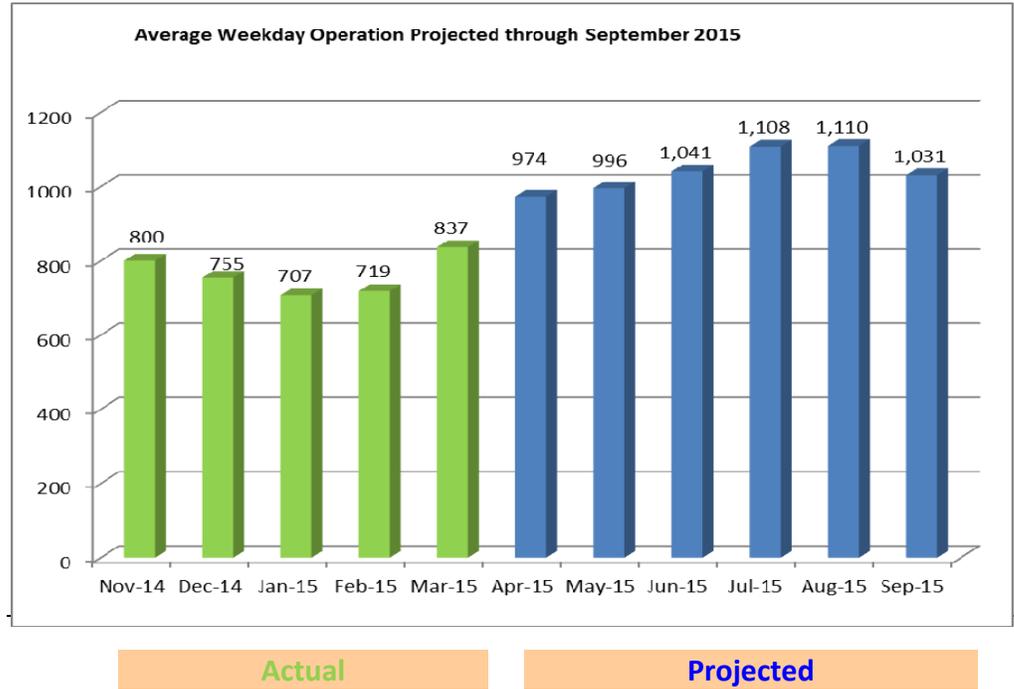

---

**Table 2: Summary Overview of Forecast Methodology**

---

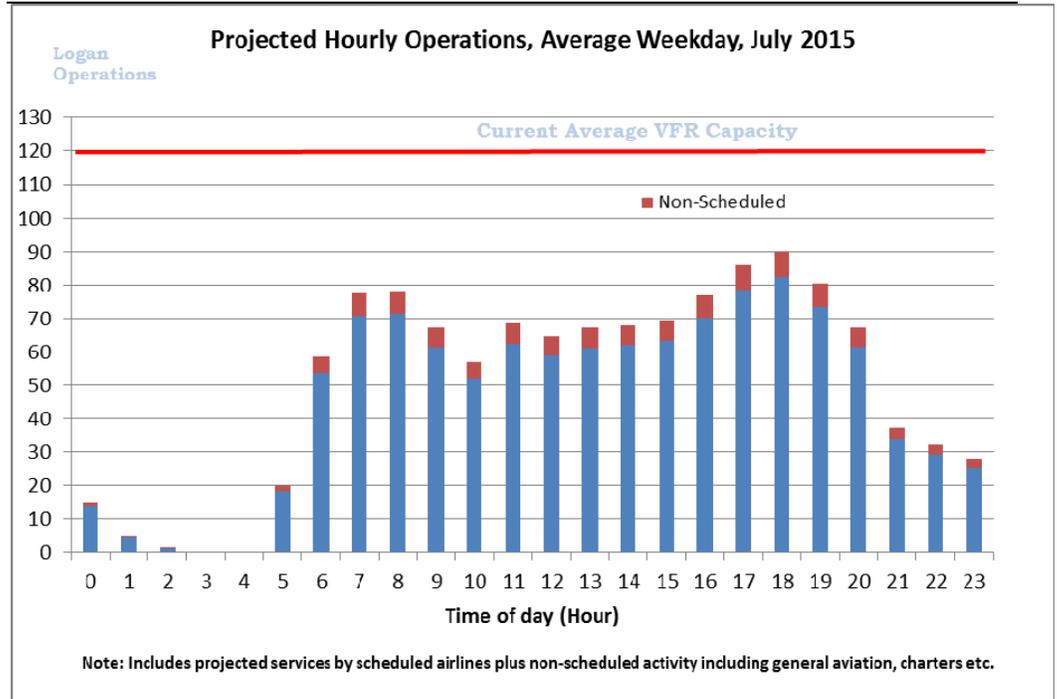

- Scheduled passenger airline flights represent more than 93 percent of total aircraft operations. Passenger airline activity for the Spring and Summer periods were projected based on published advance airline schedules
- Forecasts of monthly activity for other segments (GA, Cargo, Charter) are based on the past three months of actual flight volume and historic patterns of monthly seasonality
- Day-of-week and time of day distributions for non-scheduled segments are based on analysis of Logan radar data
- Projections for each segment were combined to produce the forecast pattern of hourly flight activity for an average weekday, Saturday, and Sunday for the period from February through September

**Table 3: Aircraft Operations at Logan Airport**

Note: Actual Operations are based on Massport data/air carrier reports and reflect flight cancellations due to weather and other operational impacts.

**Table 4: Projected Hourly Operations**

**Table 5: Forecast Logan Average Weekday Operations, Feb. – Sep.**

Average Daily Operations
