Community Path Implementation Advisory Committee

Meeting Minutes, May 13, 2015

Location: Belmont Town Hall

1) Meeting called to order at @ 6:00 pm

Attending: CPIAC members R. Leino, V. Stanton, B. Burke, H. Ivester, M. Cicalese; and Residents: Annette Goodoo, Maura MULLowney, and Yanshuang Liu

Meeting Secretary, H. Ivester

2) Meeting minutes from last meeting were reviewed and unanimously accepted.

3) Capital budget update - 100k will be recommended for next Town Meeting on June 3. Discussed if at this time it makes sense to pursue additional funding for evaluation of the tunnel at the high school. Committee decided that this time, tunnel has not been fully evaluated and best to proceed with 100k as originally planned. For the RFP, we will look to find a similar feasibility RFP to use as a template for our project, as applicable.

4) Site walk to be held on June 13 at 8:00 am starting at Waverly Station in parking lot. Second field trip is scheduled for June 27 at 8:00 am starting at Belmont Center train station on Concord Ave. side.

The review of **path choices and challenges** continued starting at Clark Lane. Items were incorporated into Evaluation Matrix. During this evaluation, we worked on Routes 1 South and 2 North to identify the challenges at each location. Our meeting ended at approximately 8:00 pm and will pick up this review next meeting starting at Clark Street (Route 2 North) and Royal Road (Route 2 South).

4) Next meeting:
