May 12, 2016

Dear Residents:

Beginning Friday May 13, 2016 and continuing until Thursday May 18<sup>th</sup>, 2016 the Town of Belmont's General Contractor, E.H. Perkins Construction will begin full depth road reconstruction with pulverization, removal of gravel and grading of Bradley Road, Holt Street, Garden Street and Emerson Street.

The segment of the roadway that is being constructed is expected to be closed to pass-through traffic, however, will remain open to local traffic only (abutters) between the hours of 7:00 A.M. and 5 P.M. **On-street parking will not be allowed and cannot be accommodated during working hours. Residents are asked to remove any vehicles from the street prior to 7:00 A.M. each day. Additionally, any resident that needs to access their vehicle during the working hours is asked to move the vehicle from the driveway and park it legally on an adjacent street.**

The Town's contractor and the Town will make every effort to reduce any inconveniences as possible. Please note that the contractor's schedule is subject to change due to the weather or other unforeseen circumstances.

For any questions or concerns about the project please contact Robert Bosselman, Resident Engineer in the Office of Community Development, at 617-993-2665.

We thank you for your patience and understanding during this construction process.

Sincerely,

Robert Bosselman  
Resident Engineer
