July 9, 2015

Dear Leonard Street Business Owners and Tenants:

Beginning Monday July 13th, 2015 and continuing through July 24<sup>th</sup>, 2015 the Town of Belmont's General Contractor, Charles Contracting will begin removing and resetting granite curbing and making preparations for new sidewalk and streetscape features along the eastern side of Leonard Street. In order to accommodate the work parking spaces may not be available for part of all of the day in the area Charles has elected to work. The Contractor and the Town will make every effort to keep as many of the spaces available for parking for patrons during the construction progress.

For any questions or concerns about the project please contact Robert Bosselman, Resident Engineer in the Office of Community Development, at 617-993-2665.

We thank you for your patience and understanding during this construction process.

Sincerely

Robert Bosselman  
Resident Engineer
