Notes: Work is to construct a raised intersection at Lexington Street and Sycamore Street
Asphalt Binder Paving to be completed in one day.

On Tuesday July 19th and continuing through Wednesday July 20th, if necessary, the Town of Belmont's General Contractor, E.H. Perkins Construction will be paving the raised intersection on Lexington Street at the intersection of Sycamore Street. The intersection will be closed to through traffic during the paving operation. Sycamore Street will remain open to abutters only. Detours with signage around the project work zone will be utilized, however, residents should expect delays and plan accordingly. We thank you for your patience and understanding during this construction process.
