

Update to Planning Board on Cushing Village: February 16, 2016

Cushing Village is progressing well on achieving the objectives needed to move the project forward and we are gaining traction on various fronts.

Our pre-leasing activities have continued to advance and we are working towards finalizing a deal with an anchor tenant. There is great enthusiasm among our team with the retail tenants that we have been able to attract.

In addition to the strides we are making with the retail pre-leasing, our financing looks strong as we now have a financially solid co-developer by our side to secure the project's construction financing.

We look forward to updating the Board in the future as more information becomes available. Thank you for your continued patience.
