

SUBMITTED TO
PLANNING BOARD
3/15/16

We plan to describe in detail the manner in which Cushing Village will proceed to construction in 2016 with the Board of Selectman on March 22 with specifics as to who will be involved in the development and a specific time frame for proceeding with construction. We would welcome the opportunity to meet with the Planning Board shortly thereafter assuming that the Board of Selectman are willing to extend the existing Purchase and Sale Agreement beyond the current expiration of March 27.
