

Important Reminder

Belmont is a Dual Stream Recycling Community

Starting March 30th, recycling not done correctly will be stickered.

Starting April 13th, recycling not done correctly will be stickered and not picked up.

Please follow these guidelines.

Dual Stream means that paper and cardboard must be separated into one stream and plastic, glass, and metal containers into another stream.

Recycle all paper, bottles and cans / Keep items clean and dry / No plastic bags

Belmont Town Meeting enacted a bylaw in 1991 requiring that all residents and occupants of buildings for which curbside collection of solid waste is provided by the Town shall separate all recyclables from other solid waste and shall place such recyclables at curbside for collection in a manner specified in the rules and regulations.

For more information call the Belmont Recycling Coordinator, Mary Beth Calnan at 617-993-2680 or visit:

<http://www.belmont-ma.gov/dpw-highway-division/pages/recycling-trash-information>

NO PLEASE DO NOT RECYCLE these items curbside!

All "Styrofoam" & Peanuts
Recycle at DPW Recycle Day

Plastic Bags & Wrap
Recycle at major grocery stores

Motor Oil Bottles
Recycle at HHW Day

Plastic Toys
Donate/Recycle at DPW Recycle Day

What you don't put in your recycling bin is just as important as what you put in. Know what's recyclable so you don't contaminate the recycling process.

REGULATIONS FOR

CURBSIDE RECYCLING

Thank you for your help!

Recycling preserves natural resources, conserves energy and saves tax dollars.
