

July 7th, 2016

Dear Neighbors of 10 Anis Road,

My boys (Kavi & Ketan), and I are the new owners of 10 Anis Road. We met most of you on 6/18/16, Anis Road Block Party. We would like to introduce ourselves again and to inform you that we will be doing renovation to our home.

I am a single dad of twin boys. I was born in India and came to the US when I was 12 years old. After completing my schooling at the University of Pennsylvania, I served as a Captain and a comprehensive general dentist in the US Air Force Medical Corps. In 2009, I had the opportunity to become the sole owner and provider for Orthodontics of Cambridge and have taken great pride in transforming smiles for people of all ages in the greater Cambridge area.

As a small business owner, I am passionate about giving back to the communities that have given so much to me. I am a proud sponsor for the Foundation for Belmont Education, St. Peter School in Cambridge, as well as a financial contributor in the re-construction of Joey's Park in Belmont and a myriad of other local sponsorships over the years. Ever aware of the economic struggles that many families find themselves facing, I also provide scholarships annually for two children in need of orthodontic treatment in the greater Boston area.

Our Renovation:

I am preparing to renovate our new home. The renovation will be very similar to the houses neighboring my home including the most recent renovation of 16 Anis Road (Rob & Karen Gray) with 2 exceptions: 1) We will bring the garage flush with the front wall of the existing main house. 2) We will add a small covered porch in the backyard exiting the main living room and front of the house to protect from direct elements of wind, rain and snow. My front and rear plans of our home are attached for your information.

We hope you are all in agreeable position with our renovation plans and if you would **please sign the bottom of this page as soon as possible and mail it back in the pre-stamped envelope.** I will submit this letter with my proposal for building permit with town of Belmont.

I can be reached on my cell 813-957-5944 and/or my email wmurthy@hotmail.com anytime.

Warmest Regards,
---Kavi, Ketan and William Murthy

Our Renovation:

I am preparing to renovate our new home. The renovation will be very similar to the houses neighboring my home including the most recent renovation of 16 Anis Road with 2 exceptions: 1) We will bring the garage flush with the front wall of the existing main house. 2) We will add a small covered porch in the backyard exiting the main living room and front of the house to protect from direct elements of wind, rain and snow. My front and rear plans of our home are attached for your information. All the renovation will be within the current foot print, setbacks of the house and the same roof height.

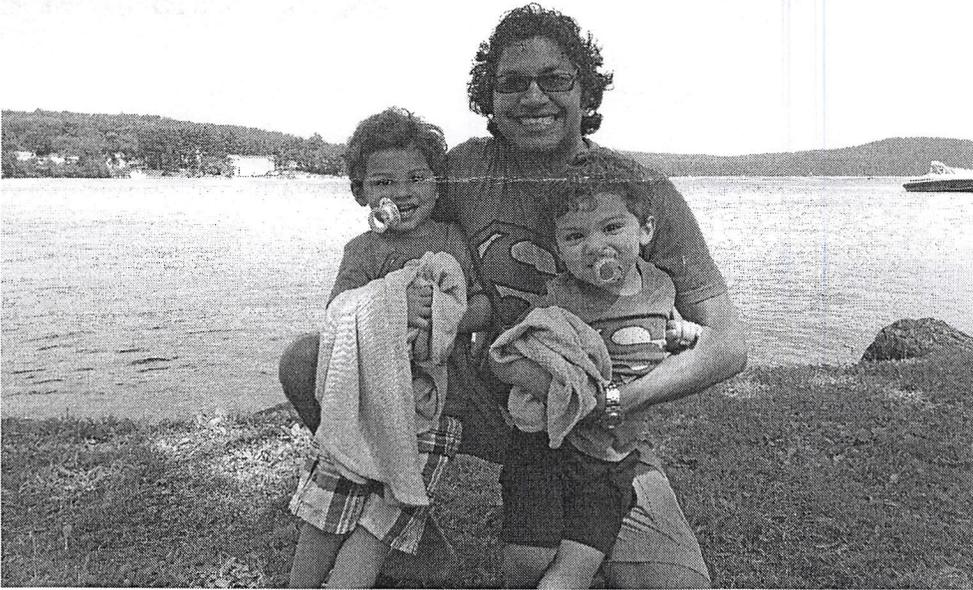

We hope you are all in agreeable position with our renovation plans and if you would please sign the bottom of this page as soon as possible and mail it back in the pre-stamped envelope. I will submit this letter with my proposal for building permit with town of Belmont on Oct 3rd, 2016.

I can be reached on my cell 813-957-5944 and/or my email wmurthy@hotmail.com anytime.

Warmest Regards, ---Kavi, Ketan and William Murthy

Dear Neighbors of 10 Anis Road,

My boys (Kavi & Ketan), and I are the new owners of 10 Anis Road. We met most of you on 6/18/16, Anis Road Block Party. We would like to introduce ourselves again and to inform you that we will be doing renovation to our home.

I am a single dad of twin boys. I was born in India and came to the US when I was 12 years old. After completing my schooling at the University of Pennsylvania, I served as a Captain and a comprehensive general dentist in the US Air Force Medical Corps. In 2009, I had the opportunity to become the sole owner and provider for Orthodontics of Cambridge and have taken great pride in transforming smiles for people of all ages in the greater Cambridge area.

As a small business owner, I am passionate about giving back to the communities that have given so much to me. I am a proud sponsor for the Foundation for Belmont Education, St. Peter School in Cambridge, as well as a financial contributor in the re-construction of Joey's Park in Belmont and a myriad of other local sponsorships over the years. Ever aware of the economic struggles that many families find themselves facing, I also provide scholarships annually for two children in need of orthodontic treatment in the greater Boston area.
