In the **Impact of Salaries and Benefits** section, an error of fact was corrected in the following paragraph. The deleted text is indicated by ~~strikethrough~~ and the added text is in **bold**:

Massachusetts General Laws Chapter 32B governs municipal insurance benefits and states that any ~~employee receiving compensation (including those elected by popular vote) is eligible for benefits~~ **elected employee who receives compensation for his or her elected position is eligible for benefits, no matter the amount of her or his compensation.** If Belmont does take the step of removing compensation to the Board members, then it would no longer be obligated to provide access to benefits, according to the Belmont HR Director.

A list of committee members was included in the appendices, but omitted from the original version of the report. To provide more information to readers of the report, this list of committee members, including the names of the chair and vice chair of the committee, was added.
