

Moved that Warrant Article XXX be amended to give guidance as to the types of evaluations that the Comprehensive Capital Budget Committee should include in its analyses of proposed Capital Projects, by inserting the following sentence at the end of Paragraph C of the proposed Section 40-405:

Among its analyses, the Committee should include, where appropriate, projections, financial modeling, and comparisons of the full life-cycle costs of significant proposed Capital Projects and practicable alternatives to such Capital Projects (such as lease vs. purchase, renovate vs. new construction, Town-provided vs. outsourced, etc.).

Or in any way act thereon.
