

# QUICK START GUIDE

## Registering for an Account & Viewing Covid-19 Test Results

1. You will receive an email for Covid-19 testing event from your town. Click on the link in the email for **testing.p1uc.com** to register and create an account on the results website.
2. You will require an organization code to create your account, which will populate when you use **the link from your email to register.**

**ORGANIZATION INFORMATION**

☐ I have an Organization Code 

Enter the code provided by your organization. When your profile is created, it will be linked to that organization automatically.

Profile Authorization for [redacted]

### Consent Authorization

**Patient Authorization Form for COVID-19 Testing – and Consent to Share Test Results**

**Release of Information** I am 18 years of age or older, and, pursuant to the attached HIPPA authorization form, I authorize PhysicianOne Urgent Care to release COVID-19 test results to my Heart Rhythm Society and note test results and other demographic data are shared with the Massachusetts Department of Health by both PhysicianOne and the lab performing the test.

**Consent to Test** I give permission for myself to undergo COVID-19 testing from PhysicianOne Urgent Care. I understand and agree to specimen collection via nasopharyngeal swab, nasal swab, oropharyngeal swab, saliva collection, blood collection or a combination of these methods.

**Notice of Privacy Practices** I acknowledge that I have been given/offered a copy of the PhysicianOne Urgent Care Notice of Privacy Practices, and have had the opportunity to thoroughly read, and have had any questions answered about, the Notice of Privacy Practices.

**Contacting You** By providing your contact information above, you are agreeing to receive certain information from PhysicianOne Urgent Care and the lab performing the test. For example, you may receive a call, email or text (SMS) regarding your test results.

**Signature** I certify that the information provided is correct to the best of my knowledge. I will not hold PhysicianOne Urgent Care, its health providers, or its employees responsible for any errors or omissions that I may have made in completing the information on this form. I hereby voluntarily consent to COVID-19 testing with PhysicianOne Urgent Care and authorize testing and result reporting.

☐ I agree to the above terms.

3. Parents/Guardians: Once you have a profile for yourself, you may create a Secondary Profile. Choose “Add Profile” and “Secondary Profile”, then “Next”.

**ADD ADDITIONAL PROFILES**

You can create separate profiles for others that you plan on getting tested, like family members or dependents

**Who is this profile for?** ?

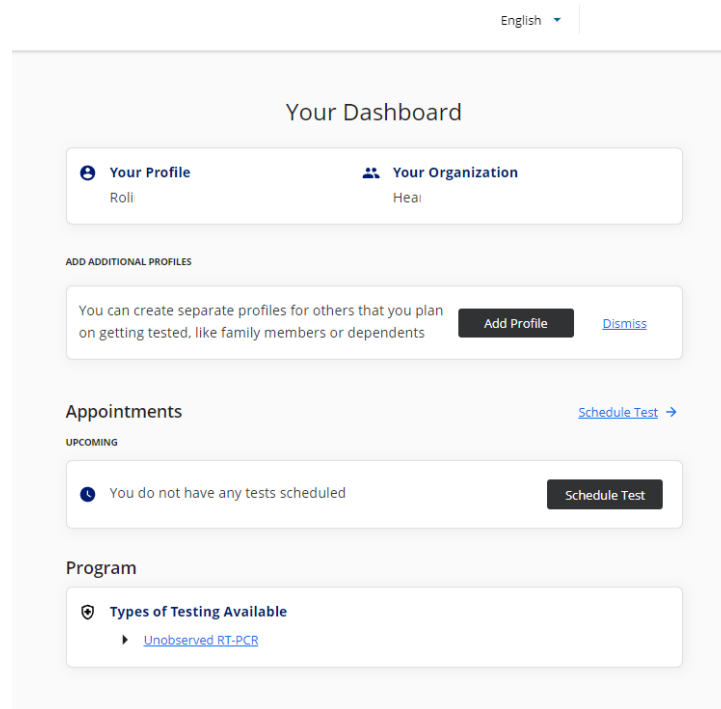

☐ Primary Profile

I am registering myself for testing

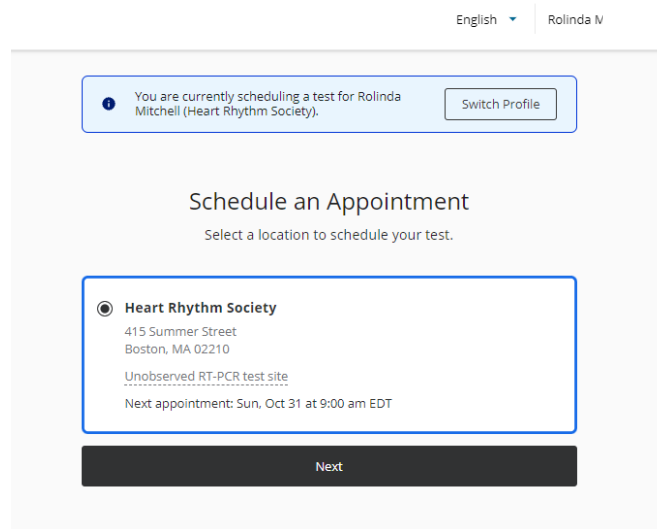

☒ Secondary Profile

I am registering someone else for testing

4. Enter the details of the individual to be tested. And follow the steps as above. You may add multiple secondary profiles.
5. Once you have your profiles created, you can then schedule each test. On Your Dashboard under Appointments, choose “Schedule Test”. You will need to repeat this step for each profile.

6. After you choose “Schedule Test”, you’ll be brought to the following page to confirm the testing site and address and choose “Next”.

7. You'll then be able to choose an appointment time by clicking on the box titled "time" – examples below:

The image displays two side-by-side screenshots of a mobile application interface titled "Schedule Test Pick-Up". Both screens show a map of the Seaport area with a location pin. Below the map, there is a section "PICK UP YOUR UNOBSERVED TEST KIT" with a warning: "Test kits must be returned on the same day that your sample is collected." Below this is a section "YOUR PICK-UP LOCATION" with a button labeled "Town of Belmont". Below that is a section "AVAILABLE TIMES" with a date field set to "10/31/2021" and a time field set to "9:00 am". At the bottom of each screen are "Next" and "Change Location" buttons. The right screenshot shows a dropdown menu open for the time field, listing times from 9:00 am to 12:10 pm in 10-minute increments.

7. Once you've selected a time, choose "Next", then "Confirm" to finalize your registration and schedule an appointment. You'll then see a green box across the screen that says "Appointment scheduled successfully" and see a QR code on your account.
8. You will receive an email or text (depending on which you use to first register with) notifying you that a test result is available.
8. Following a PCR test, it is anticipated that test results will be available within 48 hours. Log into [testing.p1uc.com](https://testing.p1uc.com) to view and/or print your results.
9. If an individual laboratory test is positive, you will receive a phone call from a number beginning with 617-904-XXXX. Please be sure to answer this call. PhysicianOne will counsel you and/or your family member on isolation and symptom management.
10. See the attached FAQ for more information regarding the test process.
