

COVID-19 Vaccine Clinic

The Belmont Health Department is offering COVID-19 vaccines to eligible residents, including primary and booster shots. This clinic will be operated through a partnership between VaxinateRX and the Belmont Health Department. Pfizer and Moderna vaccines will be available as detailed below:

Current CDC recommendations include 1 bivalent COVID vaccine. If you've already received a bivalent COVID vaccine (first introduced in September 2022), you are considered up to date on your COVID vaccine.

- Primary vaccine series for anyone ages 3+ (At our clinics, only Pfizer is available for those under the age of 18)
- *Bivalent booster of Pfizer or Moderna COVID vaccine for anyone 3+ eligible who has completed a primary vaccine series of any authorized COVID-19 vaccine at least 2 months after last dose or last booster dose
- Flu shots will be available for ages 3+

Find full guidance on booster eligibility [here](#).

By
Appointment
Only!

Please bring your insurance (medical and prescription) and COVID-19 vaccination cards to the clinic.

- COVID vaccines are free for all regardless of insurance coverage
- Insurance is required for flu vaccines

Belmont's vaccine clinic will be held on:

Monday April 10
From 4 PM to 6 PM

at

Conference Room 1
Town Hall
455 Concord Ave, Belmont
