Dear Abutter,

I've applied to the Belmont Planning Board for permission to demolish the house at 76 White St. and construct two single family houses. Attached are the proposed plans. I believe this matter will be on the Planning Board's agenda at its first meeting in June and, as an abutter you should receive notice of the meeting directly.

I'm hosting a community meeting at the site on Thursday, June 1 at 5:00 for any of you who wish to come and hear the plans and offer your comments. We believe the project will be a positive addition to the neighborhood and look forward to sharing our plans with you.

If you would prefer to ask questions or offer your comments privately, please feel free to contact my Construction Manager, Stephen Corbett at 617-365-4942, or [scorbett@rcn.com](mailto:scorbett@rcn.com).

Thank you.

Sincerely,

---

Daniel Fonesca
