Robert (Board Chair and Members – not copied)

Pursuant to the recommendation of the architectural peer review consultant and the traffic consultant – that being, that exterior bike rack(s) be provided within the Subdistrict B parking court area, I have attached a plan titled L2.01 B100 Bike Racks and two product images to be used in said area. The information is provided for Board review and discussion, after which we will embed the decision in the final ‘permit set’ of drawings.
