Hi Ara. I stopped by and looked at the mock up. A couple comments.

- 1) There is no granite stone cap and there should be.
- 2) The rocks could be of greater varying sizes and sporadically placed to better mimic the existing wall.

Supporting pictures below. With #1 addressed and #2 as a suggestion, I am ok otherwise with the mock up. Reach out with any questions. Thank you. Jmb

Hi Ara

The mock-up stone wall at the Homer House is done and ready to be inspected and approved by the HDC and Planning Board. The stone mason wants to know ASAP if he should stay on this job or move to another one. Basically he said "let me know by Monday." I said that was not possible but would do my best to get a decision soon. I know this might not be doable but would you please share this email with the rest of the Planning Board? I sent a similar note to the HDC. They are meeting next Tuesday. Thank you.

Wendy
