Re: Requests to change the Wednesday scheduling of a Certificate of Compliance inspection, *Massachusetts General Law, Chapter 148, Sections 26F&26F1/2, Smoke Detector and Carbon Monoxide Alarms*

Dear Property Owners and Realtors:

All requests to change a Certificate of Compliance inspection from the Wednesday inspection schedule must be due to an extreme circumstance and will require a Fire Department Detail.

The off-schedule inspection detail fee will be \$210 in addition to other fees paid. The detail fee must be paid prior to scheduling the inspection and a 24-hour notice is required in order to assign the detail.

Sincerely,

**John A. Pizzi
Captain
Fire Prevention Bureau**
