REGISTER

- Join Belmont Light, Sustainable Belmont, & the Belmont Energy Committee for a joint home and garden electrification event.
- Test Drive or Ride Along in a number of All-Electric and Plug-In Hybrid Vehicles from dealers and residents.
- Talk with a representative from Stihl about battery operated yard equipment, including leaf blowers, lawn mowers, & more.
- Discover the benefits and affordability of going electric in your home, garage, and yard, including rebates from Belmont Light.
- Talk to current owners of EVs, cordless yard equipment, and heat pump systems about their experiences.
- Other sustainability-focused groups will be in attendance.
