Executive Session

MINUTES Belmont Conservation Commission Meeting

May 15, 2012 – Town Hall, approximately 8pm

Attendance: Chair: Miriam Weil, David Webster, Tino Lichauco and Jim Roth

The Commission reviewed the issues and current litigation. The Commission discussed contacting Scott Horsley to review the technical issues associated with Stormwater Management on the site. Issues include the groundwater recharge calculations that show additional recharge on the site and guidance on Stormwater Standard 3. The Commission discussed the need for expert support, and the need to reach out to the Belmont Board of Selectmen for advice and funding. The Commission noted that Town Counsel support and advice would also be advantageous and again should be discussed with the Board of Selectmen.

The Commission took an informal poll of the members present, and three of the four members are not inclined to appeal. There was no vote taken.

A roll call vote to end the Executive Session was taken at approximately 10:44. The vote to leave executive session was unanimously approved.
