

Belmont 2024 Rain Barrel Program

(Open now until May 5th)

Benefits of Rain Barrels

Whether it is too much rain or too little, rain barrels smooth out the peaks & troughs by storing water in the wet & providing free water in the dry.

- Rain water is an alternate source of water during droughts
- Rain barrels help reduce pollution, erosion and improves local watershed health by collecting runoff rain from roofs and gutters
- Decrease your water bill by up to 40%
- Rain water is a healthy, chlorine and chemical-free water source for plants and gardens
- Lower municipal water demands & save energy at treatment plant

About The Great American Rain Barrel

- 100% re-purposed, food grade, UV protected and BPA free barrels. **Produced in Massachusetts.**
- Most durable rain barrels on the market: 3/16" wall thickness. Screen filtered to keep mosquitoes out.
- Will last for years when properly drained & stored for winter. Pay for themselves in one year.
- Several rain barrels can be linked together — easy 5-minute setup
- **Available Colors:** Forest Green, Earth Brown, and Nantucket Grey. Also available unpainted.

How to Purchase Your Rain Barrel

Rain Barrels are available for purchase by residents at the discounted price of \$89.00.
