Construction News

BDS will provide quarterly updates on their website for interested members of the community. The format will look like this template and is expected to highlight dates of specific activities at the site, such as the beginning of tree clearing, site preparation, and construction start.

The schedule for Neighbor meetings will be based on the proposed construction schedule and will be held every 3 months: Month # 2017 , Month # 2017, Month # 2017 and Month # 2018 (etc). They will continue for one year after the opening of the Barn.
