Re:
Belmont High School

Sandra,

Below is our quote for disconnection existing kiln at High School, removal and recycling of kiln, and installation of new kiln with downdraft vent blower ducted to hood, along with automation blower to turn on and off with kiln operation.

Disconnect existing kiln from room C349 and move to room C348 \$ 350

~~Remove and recycle existing kiln in room C348 \$ 500~~ Not Included

Install new downdraft vent blower hard ducted to overhead hood, automated downdraft vent to turn on and off with kiln operation assuring operation when kiln is in use and minimizing equipment usage.

\$1515

All workmanship is unconditionally guaranteed for one year. If you have any questions regarding this quotation please do not hesitate to contact us at 617-926-1802 or contact me directly at 617-803-0694. Thank you for allowing *Boston Kiln Sales and Service* to service your studio equipment needs.

Total value of proposed work = \$1,865
