

3/17/2021 Revision:
Added Middle School Maker Space
Stool, based from 3/15/21 user meeting

3/12/2021
Belmont
Spec Packet

Renderings are created for conceptual purposes only. Actual colors and textures of final products may vary from those shown.

Date: March 12th, 2021

**Belmont, Massachusetts
Middle and High School
Additional Project Partnership Details**

Your Project Team:

Name	Title	Email Address
Frank Viele	National Director of Education Furniture	Frank.Viele@WBMason.com
Roger Beauregard	Massachusetts Regional Furniture Manager	Roger.Beauregard@WBMason.com
Jack Palermo	Framingham, MA Region Furniture Manager	Jack.Palermo@WBMason.com
Ryan O'Conner	Local Account Representative	Ryan.OConner@WBMason.com

A minimum of one member of the aforementioned WB Mason team will be onsite for all major installation days.

All installers and WB team members tied to this project will submit all applicable CORI forms.

Experience:

Frank Viele – 16 years’ Experience in the Furniture Industry managing the largest K-12 furniture contracts on the east coast including the NYC Department of Education.

Roger Beauregard – 37 years’ experience in the furniture industry managing major project installations in the states of Massachusetts and New York including multi-million dollar installations for UMASS, D’Youville University, and Worcester Polytechnic Institute.

Jack Palermo – 7 years’ Industry Experience. Jack has been deemed one of the strongest furniture managers in the region for WB Mason and has recently completed major installations including projects for the Natick, MA Board of Education and Beth Israel Deaconess Hospital in Needham, MA.

Ryan O’Conner – 8 years’ Industry Experience. Ryan completed a major last minute project for the Framingham Board of Education this summer successfully installing approximately \$500,000.00 worth of student desks allowing the district to go back to school on time.

Phasing Details:

Pricing given for this project has been specially negotiated to manage the unique needs of a project phased over three years; specifically during a volatile economic climate where raw material pricing is unstable.

WB Mason, as the dealer, is assuming all of the financial risk in price holds and potential product storage within the given timeframe of project completion. Project completion is currently stated to be completed no later than October 1st, 2023.

The intention is to cut the purchase orders to the majority of the manufacturers for all phases at once; as this was a major condition is securing volume-based discounts for this project.

From there, it will be at the manufacturers' individual discretion as to whether they fully procure all raw materials for the entire project at once, make all of the product at once and store it, etc.

The WB Mason Company will pay the manufacturers for the product in phases that correspond to the delivery to the school.

The WB Mason Company in conjunction with all of the manufacturers chosen on this project, assume any responsibility for any damage or loss associated with product or raw materials that is being stored.

Project: Belmont, MA Middle/High School
Date: March 17th, 2021

Scholar Craft

Manufacturer: Scholar Craft

Product Series: Thrive

Model Number: 5400

Description:

18" Student Desk Chair

- Heavy duty and static free, high-density polypropylene material with a light grain texture surface on both sides, injection molded into a one-piece shell with waterfall edge.
- Molded in a Ribless back design for comfort and flexibility.
- Legs formed of 1 1/8", 13-gauge HSLA (high strength, low alloy) steel
- Four bumpers are riveted on underside of frame to prevent scratching on work surface when stacked.
- Glides are fastened with screws and are angled to prevent tipping.
- Nylon Glides
