YOUR COMPLETE EDUCATION FURNITURE RESOURCE

Date: March 12<sup>th</sup>, 2021

**Belmont, Massachusetts**  
**Middle and High School**  
**Additional Project Partnership Details**

**Your Project Team:**

Name	Title	Email Address
Frank Viele	National Director of Education Furniture	<a href="mailto:Frank.Viele@WB Mason.com">Frank.Viele@WB Mason.com</a>
Roger Beaugregard	Massachusetts Regional Furniture Manager	<a href="mailto:Roger.Beaugregard@WB Mason.com">Roger.Beaugregard@WB Mason.com</a>
Jack Palermo	Framingham, MA Region Furniture Manager	<a href="mailto:Jack.Palermo@WB Mason.com">Jack.Palermo@WB Mason.com</a>
Ryan O'Conner	Local Account Representative	<a href="mailto:Ryan.OConner@WB Mason.com">Ryan.OConner@WB Mason.com</a>

A minimum of one member of the aforementioned WB Mason team will be onsite for all major installation days.

All installers and WB team members tied to this project will submit all applicable CORI forms.

**Experience:**

**Frank Viele** – 16 years' Experience in the Furniture Industry managing the largest K-12 furniture contracts on the east coast including the NYC Department of Education.

**Roger Beaugregard** – 37 years' experience in the furniture industry managing major project installations in the states of Massachusetts and New York including multi-million dollar installations for UMASS, D'Youville University, and Worcester Polytechnic Institute.

**Jack Palermo** – 7 years' Industry Experience. Jack has been deemed one of the strongest furniture managers in the region for WB Mason and has recently completed major installations including projects for the Natick, MA Board of Education and Beth Israel Deaconess Hospital in Needham, MA.

**Ryan O'Conner** – 8 years' Industry Experience. Ryan completed a major last minute project for the Framingham Board of Education this summer successfully installing approximately \$500,000.00 worth of student desks allowing the district to go back to school on time.

**Phasing Details:**  
Pricing given for this project has been specially negotiated to manage the unique needs of a project phased over three years; specifically during a volatile economic climate where raw material pricing is unstable.

WB Mason, as the dealer, is assuming all of the financial risk in price holds and potential product storage within the given timeframe of project completion. Project completion is currently stated to be completed no later than October 1<sup>st</sup>, 2023.

The intention is to cut the purchase orders to the majority of the manufacturers for all phases at once; as this was a major condition in securing volume-based discounts for this project.

From there, it will be at the manufacturers' individual discretion as to whether they fully procure all raw materials for the entire project at once, make all of the product at once and store it, etc.

The WB Mason Company will pay the manufacturers for the product in phases that correspond to the delivery to the school.

The WB Mason Company in conjunction with all of the manufacturers chosen on this project, assume any responsibility for any damage or loss associated with product or raw materials that is being stored.
