

Advancing Equity and Inclusion in Our Community

## **Belmont Human Rights Commission Condemns Henry Tapia Murder and Calls on More Work to be Done on Racism in Belmont**

The Belmont Human Rights Commission (BHRC) strongly condemns the widely reported racially motivated murder of Henry Tapia, an Afro-Latino member of our community on January 19, 2021. This murder shows that Belmont is not immune to violence and hatred. The community quickly came together to support Mr. Tapia's family, but our work is not done in the pursuit of social justice and equality.
