The Select Board invites residents of Belmont to a meeting focused on the short- and long-term forecast for the Town Budget. Members of the public will hear brief presentations about critical factors related to the Town's revenue and expenses and have an opportunity to ask questions, provide input, and share ideas.

What is a
structural deficit?

What's the difference
between **one-time** and
recurring revenue?

How could fiscal
constraints affect
schools and other
critical Town
services?

Is the Town
considering an
override vote?

What's the **multi-year**
forecast for Town
revenue and
expenses?
